

Treloar Performing Arts Students  
Invite you to join us for a performance of

# PERCEPTION

This is an originally scripted, informative, interactive and entertaining dramatic presentation. This studio style dramatic performance will be thought provoking and will challenge your ideas of your perception of others through the traditional art of storytelling based on the unique experiences of the individual.

Everyone can be a storyteller and everyone has a story to tell. Come and share this experience with us, enjoy, learn and take away a tale to tell.
