

BRINGING STORIES TO LIFE

Want to get caught up in the magic of Portsmouth?

Come and join us for fun storytelling events. Just sit back, relax, splice the main sail, haul the anchor and get ready to be carried away and experience life on the ocean waves in the true spirit of maritime Portsmouth.

The North Island Community Improvement Partnership is hosting storytelling events for all of the family at a school near you. With stories being told by Michael O'Leary, you will be submerged in the history of our city.

Batten down the hatches and look at the back to see when we are coming to your school.

Also come along to get your free passport to win prizes when you read together as a family.
